We would like to improve Sequim High School.

If Sequim High School were to make changes in course offerings, what offerings would make you more likely to remain on the high school campus?

Would offering more college credit courses at SHS have made you more likely to have remained on the high school campus?

strongly agree  agree  neutral  disagree  strongly disagree  don't know

Would offering more courses preparing for advanced placement testing have made you more likely to have remained on the high school campus?

strongly agree  agree  neutral  disagree  strongly disagree  don't know

If Sequim High School were to change various school rules and regulations, what changes would have made you more likely to have remained on the high school campus?

Some high schools have started "schools within a school." Would you have been more likely to have remained on campus if SHS grouped students with others of similar interests? (Suggest the best grouping:)

What other changes would improve Sequim High School as an institution of learning?

I spent all K-10 years in Sequim public schools:

....if not, which grades did you spend in Sequim Schools? \_\_\_\_\_

What do you plan to do after completing your education?

Which of the following are in your plans for the future?

AA degree  voc/tech training  4 year college  military  don't know

**Thank you for your effort to help us try to improve Sequim High School.**
